Matteo Valenti

Matteo Valenti is the Chief Product Officer at BANCOMAT S.p.A., Italy's leading provider of debit card payment and ATM withdrawal services. With more than 18 years of experience in digital payments and financial services, he combines a strategic and analytical mindset with a strong passion for cryptocurrencies and a deep commitment to innovation.

In his current role, he leads BANCOMAT's digital transformation by integrating physical and digital products (PagoBANCOMAT and Bancomat Pay) and establishing strategic partnerships with global players. His career includes key positions at Mastercard, Western Union, and SIA-SSB, supported by a solid academic background from Università Bocconi.
